Title 23: TRANSPORTATION
Chapter 21: MAINE TRAVELER INFORMATION SERVICES

§1914. ON-PREMISES SIGNS

[2013, c. 529, §9 (AMD) .]

2. Number. On-premises signs on any one property may not exceed 10 in number, except in the case of more than one business, facility or point of interest being conducted on one property, signs for each business, facility or point of interest may not exceed 10 in number.

[2013, c. 529, §9 (AMD) .]

3. Location. On-premises signs must be located within 1,000 feet of the principal building or structure where the business or facility is carried on or practiced or within 1,000 feet of the point of interest.

Neither the granting of a license nor the installation of a sign on the public way conveys permanent property rights relating to the public way. The Department of Transportation is not responsible for loss or damage to an on-premises sign under this subsection from the use of the right-of-way of the public way for highway purposes. An on-premises sign under this subsection may be removed by the department to accommodate highway uses at any time without compensation to the owner of the on-premises sign and at the owner's expense.

11. Changeable signs.

[2001, c. 268, §2 (RP) .]

11-A. Changeable signs. Notwithstanding subsection 6, paragraphs C and E, changeable signs are not prohibited as long as the sign complies with the applicable provisions of this subsection and rules adopted pursuant to this chapter. The Department of Transportation shall administer the provisions of this subsection, except as provided in paragraph B.

A. As used in this subsection, unless the context otherwise indicates, the following terms have the following meanings.

- (1) "Changeable sign" means an on-premises sign created, designed, manufactured or modified in such a way that its message may be electronically, digitally or mechanically altered by the complete substitution or replacement of one display by another on each side.
- (2) "Display" means that portion of the surface area of a changeable sign that is or is designed to be or is capable of being periodically altered for the purpose of conveying a message.
- (4) "Message" means a communication conveyed by means of a visual display of text, a graphic element or pictorial or photographic image.
- (5) "Sign assembly" means the display, border, trim and all supporting apparatus, including posts, columns, pedestals and foundation.
- (6) "Time and temperature sign" means a changeable sign that electronically or mechanically displays the time and temperature by the complete substitution or replacement of a display showing the time with a display showing the temperature. [2013, c. 529, §9 (AMD) .]

B. The display on each side of a changeable sign:

- (1) May be changed no more than once every 20 minutes, unless the municipality in which the sign is located adopts an ordinance to the contrary and notifies the Department of Transportation in writing of that ordinance. If a municipal ordinance is adopted, the municipality is responsible for the administration of that ordinance;
- (2) Must change as rapidly as technologically practicable, with no phasing, rolling, scrolling, flashing or blending, unless the municipality in which the sign is located adopts an ordinance to the contrary and notifies the Department of Transportation in writing of that ordinance. If a municipal ordinance is adopted, the municipality is responsible for the administration of that ordinance. Notwithstanding this subparagraph, a municipality may not adopt an ordinance that allows the sign to flash or display continuous streaming of information or video animation; and
- (3) May consist of alphabetic or numeric text on a plain or colored background and may include graphic, pictorial or photographic images unless the municipality in which the sign is located adopts an ordinance to the contrary and notifies the Department of Transportation in writing of that ordinance. D. Only one changeable sign with 2 sides is allowed for each public way that provides direct vehicular access to the business, facility or point of interest. [2013, c. 529, §9 (AMD) .]

E. Changeable signs may not be located so that the message is readable from a controlled-access highway or ramp. [2001, c. 268, §3 (NEW) .]

F. The highest point of the display of a changeable sign may not exceed a height of 25 feet above either the centerline of the nearest public way or actual ground level adjacent to the sign, whichever is lower. [2001, c. 268, §3 (NEW) .]

- (1) Are reasonably incapable of being modified or reprogrammed to comply with this section as amended; and
- (2) Are not replaced, substantially rebuilt, reconstructed or repaired beyond routine maintenance. [2001, c. 268, §3 (NEW).]

H. The size, intensity of illumination and acceptable rate of change between the time display and the temperature display of a time and temperature sign must comply with rules adopted by the Department of Transportation, except that time and temperature signs erected prior to September 29, 1995 need not comply with those rules. [2013, c. 529, §9 (AMD).]

[2007, c. 124, §§1,2 (AMD); 2013, c. 529, §9 (AMD) .]
