Who We Fly

Patients who are unable to travel to lifesaving medical care due to financial constraints, a compromised immune system, or any other compelling reasons. We're here for you throughout your healthcare journey. ***You are not alone!***

We coordinate *free* air transportation:

- For children, adults, & family members seeking medical care.
- When travel via a car or public transportation is impossible due to distance, health issues or financial hardship.
- To support individuals traveling to be with critically ill loved ones.
- For time-sensitive matters, such as organ transplants / donors.
- To health-related medical camps and retreats.
- For veterans seeking medical care or support services.
- And for many other humanitarian reasons.

Requirements:

- Must be medically stable and able to board / exit small aircraft with little or no assistance.
- Have accompanying support if you are oxygen dependent and/or require a wheelchair during the flight.

How do I request an Angel Flight?

JUST ASK! Call us at 1-800-549-9980.

Remember, You're Not Alone!

When the Road to a Cure is a Runway.

Where We Fly Patients

Through our membership in the Air Charity Network, our generous airlines partners, and our amazing, compassionate volunteer pilots, we provide flights throughout the United States and internationally.

We fly extensively in the Eastern United States and can operate from large and rural airports.

We can arrange flights for international patients who are flying to medical facilities in the United States and globally.

"I want to express my gratitude to everyone at Angel Flight NE for making access to my medical care possible.

The entire experience is uplifting and brings positivism to what can seem like a never-ending process."

~ Nick from New York

Emergency Relief

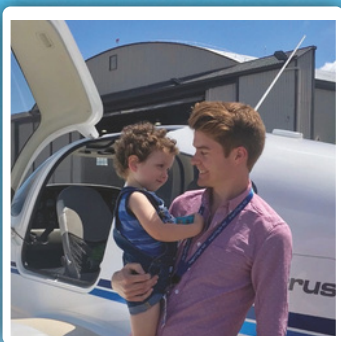

***Wherever there's a need,
there's an "Angel".***

Angel Flight NE is able to mobilize pilots to assist our community and nation in times of disaster.

Relief missions are flown free of charge for victims, family members, emergency service personnel, blood and supplies.

Volunteer Resources

Angel Flight Pilots are special people who share not only a love of flying but a deep commitment to helping others.

They donate their time, planes and, most of all, their hearts to serving their community and patients in need.

Our **Ground Crew Volunteers** generously support our mission by providing ground transportation to and from hospitals and airports, when available.

They also support other areas of Angel Flight NE with their time and talents.

About Angel Flight NE

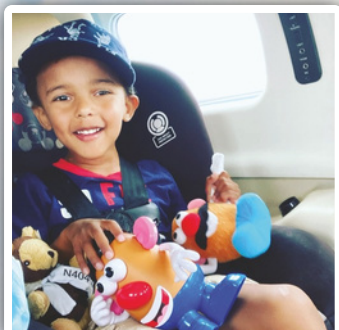

Angel Flight NE provides free flights for patients and families connecting them to medical care so they can focus on what is important – getting well!

Our compassionate, caring volunteer pilots provide these free flights in private aircraft, commercial airline partners donate free seats on their aircrafts and earth angels provide mobility on the ground.

Humanitarian Flights

We also coordinate flights for humanitarian reasons including transporting organs and/or donors, medical & everyday supplies during times of crisis, patients to specialty medical camps / retreats and loved ones to be with sick or injured family members.

When the Road to a Cure is a Runway.

Hope From Above

Just Ask ~ We will get you there!

Traveling for medical care can be overwhelming. Whether it is one trip or multiple trips, we are here to help.

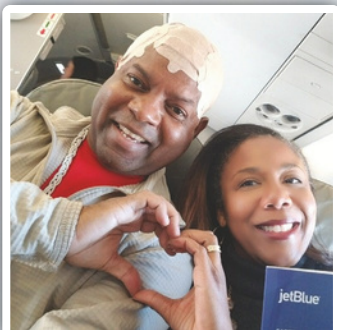

Our *free flights* are available for anyone needing to travel for medical care.

If you or someone you know needs our assistance, contact us today! We are here to help you for as long and as often as needed. Call us at 800-549-9980.

“Without Angel Flight NE’s free flights and compassionate support, I don’t know what we would have done to get Angela to the medical care she needed.”

-Angela’s Mom

Help Us Provide Free Flights for Patients to the Healthcare They Deserve.

Thousands of free flight requests are fulfilled each year by Angel Flight NE. Our free air transportation is providing a vital link for patients who need life-saving medical care otherwise not available to them. We are providing HEALING and HOPE.

There are many ways to support Angel Flight NE's 501(c)(3) charitable mission. Every donation provides the gift of hope to our precious cargo – whether it's one flight or the thousands of flights we schedule annually.
