Penny,

I have no idea. It is just a .pdf file and I can't import that into my drawing. If he can send me an autocad drawing file of it I can see if it fits. The other alternative is to see if he designed it to fit inside the lines I had on my drawing file.

Dale

**Subject:** Concept plan

Good morning Dale –

This is the concept design that we received from Rob Manns of Manns-Woodward who works with Artifex.

He is a public safety specialist.

I am just wondering if this would fit on the outparcel.
