Do you have something I can review prior to the meeting?

Anything for the agenda / packet?

Yes, I will be there. I have gone through the entire list with answers and I hope some exhibits to leave with council including a cost estimate from PCM

Good evening Ellen –

I am wondering if you had a chance to review the attached.

Do you still plan to attend the meeting on Monday August 26? I need to post the agenda Friday morning.

Subject: Questions - preparation for next meeting

Good evening Ellen –

Since our last talk, Caribou has installed a new Chief of Police. He is having conversations with the officers about the police station design. I talked to him today and he has not compiled all of these in writing so I do not have those to share as part of this email but I do want to send a long list of questions that we need to address. Since there is no committee and all of this is falling to me ... I feel the pressure!

Also since our last chat, I went on vacation so there was time to think.

I know that the questions really drill down into the numbers but I need to have a good understanding of where we currently stand and where we are going.

Please let me know your thoughts / answers to the attached questions.
