To go with my letter of 10/18/2024

We'll have another (costlier to you) option on Monday.

Subject: RE: Update?

Good morning –

Here are all of the ideas on the police station, along with a “cut-and-paste” version incorporating the ideas. Of course, this needs refinement because there are black spaces and areas that do not properly connect because areas were swapped around. Some conditioned space that has been freed up could be used for storage (badly needed).

The committee would like to have something in hand from Artifex on or before October 18 so that they can all review prior to a committee meeting.

The committee would like to meet on **Monday October 21 @ 4:00**. We would like it if you could attend (by zoom is fine).

The next City Council meeting is Monday October 28, 2024 @ 6:00 pm.

I am looking forward to your feedback. I will be OOO 10/7 to 10/18 for three different trainings with travel to/from etc, but I will respond to emails in the evenings or on breaks.

Subject: RE: Update?

There was a lot of feedback on the design.

There was feedback about cutting the basement.

The committee was restored and will meet soon to discuss this feedback.

When did you want to set up something to talk about the feedback?

Not sure why? Also, do you have a committee we can meet with?

Does the City Council need to take action at their next meeting to officially accept the current plan?

If so, I will put it in my notes for the agenda.

Subject: Update?

Good afternoon Ellen –

I am wondering if you have any updates.

I have three different trainings over the next two weeks and I will be tied up so I would like to provide some sort of update to the City Council.

I'm not sure where we are right now.
