This is what I heard from Corey on the holding cell question.

Good morning, Penny.

That is correct. I believe three cells will be good for us. I do not see the Sheriff's Office starting transportation again anytime soon.

Also, I am looking at possibly taking the animal control class, as I believe if the police chief acts as the ACO we can save the city \$6000.00 in the budget. Our officers already take care of ALL animal complaints, so all the chief would have to do is simple kennel inspections. What are your thoughts?

Have a great day.

Corey

Good morning Corey -

Did you request 3 cells instead of 4?

Just doing through Council questions & Artifex responses & double checking.
