### Site Design Review Application – City of Caribou, Maine

Site Design approval will not be considered complete until the Planning Board has determined it has all of the necessary information to review the proposal and render a decision. You are advised to meet with the Code Enforcement Officer prior to completing the application as it may not be necessary to comply with all of the items shown on the form. The review of your application shall consist of at least (2) two presentations to the Planning Board and possibly additional presentations until all required information has been provided. A "Performance Bond" may be required prior to approval of this project.

### Concept Plan Review Criterion

The Planning Board shall review applications first as a Concept Plan. Concept Plan Review is intended to insure the proposed plan is in conformance with the Caribou Comprehensive Plan and all City Ordinances. The completed application and concept plans shall be delivered to the Code Enforcement Office no less than 21 days prior to the first day of the next month. The

Chairman of the Planning Board shall determine the schedule and agenda of the next meeting when the application and plans will receive Concept Plan Review. At a minimum, Concept Plan applications shall include the following:

1. ☒ Name and address of the owner of record and applicant (if different).
2. ☒ Name of the proposed development and location.
3. ☒ Names and addresses of all property owners within 500 feet of the property.
4. ☒ A copy of the deed to the property, option to purchase the property, or other documentation to demonstrate right, title, or interest in the property on the part of the applicant.
5. ☐ Names and addresses of all consultants working on the project.
6. ☐ 1 complete set of plans, 24" X 36" & 10 complete sets of plans, 11" X 17"  
Plans to be included:  
Boundary Survey *don't have*  
Storm Water Management *completd*  
Erosion and Sediment Control *✓*  
Finish Grading Plan *✓*  
Site Improvement Detail *✓*  
Building Elevations and Structural Plans *✓*

7. Plans to show the following elements for review:

- a. ☒ Graphic scale and north arrow.
- b. ☒ Location and dimensions of any existing or proposed easements and copies of existing covenants or deed restrictions.
- c. ☒ Name, registration number, and seal of the land surveyor, architect, engineer, and/or similar professional who prepared the Plan.
- d. ☒ All property boundaries, land area, and zoning designations of the site, regardless of whether all or part is being developed at this time.
- e. ☒ Size, shape, and location of existing and proposed buildings on the site including dimensions of the buildings and setbacks from property lines.
- f. ☒ Access for Emergency Vehicles, location and layout design of vehicular parking, circulation areas, loading areas, and walkways including curb cuts, driveways, parking space and vehicle turn around areas.
- g. ☒ Location and names of streets and rights-of-way within 200' and adjacent to the proposed development.
- h. ☒ Proposed finish grades and graphic arrows indicating the direction of storm water runoff.
- i. ☒ Conceptual treatment of on and off site storm water management facilities.
- j. ☒ Location and sizes of existing and proposed sewer and water services including connections.
- k. ☒ Conceptual treatment of landscaping buffers, screens, and plantings.

- ✓
- l. Location of outdoor storage areas, fences, signage and accessory structures.
- \_\_\_\_\_
- m. Context map illustrating the area surrounding the site which will be affected by the proposal including all streets, sidewalks, intersections, storm water drainage ways, sanitary sewer lines and pump stations, nearby properties and buildings, zoning Districts, and geographic features such as, but not limited to, wetlands, natural features, historic sites, flood plains, significant scenic areas, and significant wildlife habitats as provided in the Comprehensive Plan.
- ✓
- n. All proposed signage and exterior lighting including the location, size and wording of all signs, type of exterior lights, radius of light, manufacturer's specifications sheet, and the ground level intensity in foot-candles of all exterior lights.

#### **Final Site Design Plan Requirements**

Following approval of the Concept Plan Review, the Planning Board may by majority vote schedule the Site Design Application for Final Plan Review. Final Plan Review must be at least 30 days following Concept Plan Approval. If additional information is required by the Planning Board following the Concept Plan Review, a complete set of revised plans shall be provided for final review and approval. If additional information or a change of information is required, the revised plans shall be delivered to the Code Enforcement Office at least 21 days prior to the next scheduled meeting.

Final Site Design Plan Review shall require three (3) 24" X 36" sets of plans for Board Signatures.

If the Planning Board determines that third party review will be necessary to make a sound decision, the applicant will be responsible for any fees incurred for the third party review.

During the Final Site Design Review the Chairman or designee shall determine that all of the elements of review 7-a., through 7-n. above have been addressed. The chair may then call for a motion.

If the Final Plan is approved by the Planning Board, no work may commence for a period of 30 days following the date of approval.

Final Site Design Plans shall provide an area designated for all seven Planning Board members signatures.
