

Start 1006

Attendance: Mike Jalbert, Danny Gahagan, Matthew Cummings, Aaron Huotari, Penny Thompson, Chris Perkins, Brian LaJoie, Nathan Allen, Sonia Eyler, Darrell White, Corey Saucier, Gary Marquis, Jane McCall, Brian Harris, Jon Helstrom, Derrick Ouellette, Darren Woods

Issues to address

FFFD Extra Manpower will be needed. 55 calls for EMS. Will need to get a 2 person call crew. They will have longer transport times. CMC will not be an options for a lot of calls, will have to go to PI. For Fire calls this puts 10 miles to closest Hydrant in FF. Caribou has hydrant on River rd. and is a Mile from bridge. Estimated cost for service- 5 months \$___ 8 months \$78k

CPD April to oct 135 calls. Will need to discuss an MOU Wt FFPD. Concerns on Manpower, Overtime, Fuel.

Police discussed talked Geographic coverage and FFPD would end up being closer to most of the area.

CPW Timeframe Inconsistency, Milage round trip plowing,

CUD Travel to plant once a day, Grant project affected with travel time and cost possible.

CFD Station coverage with FFFD, OT, Travel time.

Caribou Schools 90 to 100 students affected, Additional fuel, driver, busses will be needed.

Caribou Rec trails affected, and will have closures during the construction.

MSP Travel time

Action items

- ***All*** to send Darren there estimated additional cost for coverage.
- **Darren woods** will try and find out from DOT,

Who is the contractor?

What the most updated traffic count over the bridge was.

Is funding in place for public services additional costs?

What other projects are planned in the area in the same timeframe? (for example Route 1 between Caribou and PI or the East PI road)

Get update on Route 1 “wildlife” culvert project, Same time? Prestle hill stream?

- ***Darren(?)*** Create a spreadsheet on additional cost to the agencies.

People to invite to the next meeting?

- Business that will be affected
- State reps, Senators

Meeting end 1045
