President Kamm called the meeting to order at 4:00 PM. The purpose of the meeting was to review initial bid results for the water main project, and to discuss the 2025 Master Plan Highlights of Caribou Utilities District. The main discussion provided the Trustees the ability to discuss the status of current projects, and evaluate future project needs and priorities as part of ongoing system planning and infrastructure assessment.

Earlier in the day Mr. Lord met with Manager Helstrom, Fred Page, Water Superintendent, and Derek Dufour, Wastewater Superintendent and collected additional data to provide to the Master Plan information. The Trustees felt it would be very beneficial to schedule another workshop.

No actions were taken during this public meeting.

David Belyea moved and David Martin seconded to adjourn the meeting at 5:15 PM. UNANIMOUSLY VOTED.

Sue T. Sands, Office Manager and District Clerk
